All employees are expected to be present every day. Time on the job and time on task are the hallmarks of the Holmes County Consolidated School District. Each teacher receives seven (7) sick days and two (2) personal leave days. These days can be accumulated; however, personal leave days cannot total more than five (5). Professional days are those days that a teacher is absent from his/her classroom because his/her principal has granted permission for him/her to attend a staff development workshop. The conference could be at one of the local schools, central office, or it may be a regional, state or national conference. Professional leave days cannot be taken on a Friday or Monday preceding or following a non-workday (holiday). Teachers who miss two (2) consecutive days are required to give a written excuse to the principal. (Code 37-7-307). Staff who miss four (4) consecutive days of work or two (2) consecutive days immediately preceding or following a non-school day must provide a doctor's note. (Policy GBRI)

All personnel having an URGENT need to leave early must clear their request directly with the principal. All personal appointments should be scheduled so as not to affect the instructional day.

Appropriate Use Policy

INTERNET APPROPRIATE USE POLICY (REFERENCE POLICY: IFBGA)

INTRODUCTION

The Holmes County Consolidated School District is pleased to offer to its students, faculty, and staff access to the Internet in accordance with the terms and conditions of this policy. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users globally. This computer technology will help propel our schools through the communication age by allowing students and staff to access and to use resources from distant computers, communicate and collaborate with other individuals and groups, and significantly expand their available information base.

Purpose

The purpose of this policy is to outline acceptable use of network resources. These rules are in place to protect users and the district. Inappropriate use exposes the district to risks including virus attacks and compromises data, network systems, and services.

Scope

This policy applies to employees, contractors, consultants, temporaries, students and other workers at the district, including personnel affiliated with third parties. This policy applies to all equipment that is owned or leased by the district and/or all equipment that is connected to the district's network systems and/or network services including personal devices.

Monitoring

Network systems include, but are not limited to computer equipment, software, operating systems, storage media, network accounts, electronic mail, Internet service, and file transfer protocol, are the property of the district. Therefore, individual files, computers, electronic mail and other resources of the Network are not private and are subject to inspection and/or monitoring by authorized District officials.

Warranties/Indemnification

The district is not responsible for material or information accessed on the Internet by users and shall not be responsible for the impact or effect of the information on the user. The district specifically disclaims any responsibility for the accuracy or quality of information obtained via the Internet. The district makes no warranties of any kind, either expressed or implied, in connection with its provision of access to and use of its Network and the Internet. It shall not be responsible for any claims, losses, damages, or costs of any kind suffered, directly or indirectly, by any user arising using the Network or Internet under this policy. As this policy is a legal and binding document, use of the network and district computer resources constitutes agreement by each user to comply with the terms set forth in this policy.

REGULATIONS

Safety and Security

- Authorized users are responsible for the security of their passwords and accounts. Under no conditions should a user provide his/her password to another person or use another person's password, nor should users share accounts.
- Computers, laptops, and workstations should be secured by logging-off when the computer will be unattended.

- Use of the network will be allowed only with District equipment unless written permission is given by district administrator(s).
 - Computers connected to the Network will continuously execute approved virus-scanning software with current virus definition. Users should allow updates if prompted.
 - Users should not open e-mail attachments received from unknown senders as they may contain viruses or malicious software.
-
- Users should immediately report to Technology Support Services any attempt of others to engage in unauthorized activities, inappropriate communication, or prohibited use of the Internet and district resources.
 - Users may not attempt to circumvent filters, user authentication or security of any host, network, or account on the Network or the Internet. Users should not attempt to gain access to or use equipment assigned to another user without their knowledge.
 - Users are never to give any information about the district's network or computer system to unauthorized individuals or groups.

Children's Internet Protection Act (CIPA) (REFERENCE POLICY: IFBGA)

The Children's Internet Protection Act (CIPA) is a federal law enacted by Congress in December 2000 to address concerns about access in schools and libraries to the Internet and other information. Among many other things, it calls for schools and libraries to have in place appropriate electronic filters to prevent children from accessing and viewing inappropriate Internet content. For any school or library that receives discounts for Internet access or for internal connections, CIPA imposes certain requirements. The Holmes County Consolidated School District receives these discounts for Internet Access through the E-Rate program and is therefore in compliance with the CIPA.

CIPA requires schools and libraries that receive discounts offered by the E-rate program to have an Internet Safety Policy that includes technology protection measures. The technology protection measures must block or filter Internet access to pictures that are obscene, child pornography or harmful to minors. CIPA also requires schools to adopt and enforce a policy to monitor online activities of minors and adopt a policy that addresses access by minors to inappropriate matter on the Internet, safety and security of minors, unauthorized access and

other unlawful activities by minors online, unauthorized disclosure, use, and dissemination of personal information regarding minors, and measures restricting minors' access to materials harmful to them.

Students in the Holmes County Consolidated School District will be educated on internet safety, cyber bullying, social media, chat rooms and appropriate online behavior through the following: library/media center, technology classes, classroom teachers and/or district administrators.

Individually identifiable information about minors such as full name, home address, telephone number or other information that may assist unauthorized individuals in identifying or contacting a minor will not be made available via the district's, schools', or teachers' web sites.

Family Educational Rights and Privacy Act [FERPA]

The district may authorize the release of directory information as defined by the Family Educational Rights and Privacy Act (FERPA), for internal administrative purposes, approved educational projects, activities, and publications. Parental permission must be obtained prior to the publication of student directory information.

Access to student information is limited to authorized parties and will be permitted only in support of district educational goals and objectives. Parties granted access will fall under the auspices and regulations of this policy and may be required to complete and sign an Oath of Confidentiality.

All district personnel receive FERPA training prior to September 1 of each school year.

Use of Cell Telephones by Teachers/Staff (IFBB)

The Board of Trustees of the Holmes County Consolidated School District believes that the school district was created for the primary purpose of effectively educating the children attending school within the school system. The Holmes County Consolidated School District Board further believes that to accomplish this mission, it is imperative that classroom instructional time be protected. Therefore, any activity that distracts the teacher from his or her ability to utilize the entire class period for instructional purposes is prohibited. Employees are specifically prohibited from recording students or other District employees on their cell phones without specific permission of those being recorded.

Violations

Alleged violations of this policy shall be discussed in a conference between the employee and the building principal. If the principal finds the violation(s) to be factual, the principal shall issue a written reprimand to the employee (s) involved. This reprimand shall become a part of the employee's personnel file. Repeated violations may result in non-renewal of an employee's contract or dismissal.

- d. For the first ten (10) days of absence of the licensed employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee, there may be deducted from the pay of such licensed employee the established substitute amount of licensed employee compensation paid in that local school district, necessitated because of the absence of the licensed employee as a result of illness or physical disability.

Thereafter, the regular pay of such absent licensed employee may be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

Notwithstanding the restrictions listed above on the use of personal leave, a licensed employee may use personal leave as follows:

Personal leave may be used for professional purposes, including absences caused by attendance of such licensed employee at a seminar, class, training program, professional association or other functions designed for educators. No deduction from the pay of such employee may be made because of absence of such licensed employee caused by personal reasons until after all personal leave allowance credited to such employee has been used. However, the superintendent of a school district, in his discretion, may allow a licensed employee personal leave in addition to any minimum personal leave allowance, under the condition that there shall be deducted from the salary of such licensed employee the actual amount of any compensation paid to any person as a substitute, necessitated because of the absence of the licensed employee. Any unused portion of the total personal leave allowance up to five (5) days shall be carried over to the next school year and credited to such licensed employee if the licensed employee remains employed in the school district.

4. PROFESSIONAL LEAVE ALLOWANCE

Beginning with the school year 1992-93, each licensed employee shall be credited with a professional leave allowance, with pay, for each day of absence caused by reason of such employee's statutorily required membership and attendance at a regular or special meeting held within the State of Mississippi of the State Board of Education, the Commission on Teacher and Administrator Education, Certification and Licensure and Development, the Commission on School Accreditation, the Mississippi Authority for Educational Television and the meetings of the state textbook rating committees or other meetings authorized by local school board policy.

The payment shall be treated in the same manner for retirement purposes as a lump sum payment for personal leave as provided in Section 25-11-103 (e). Any remaining lawfully credited unused

leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused leave. Such school boards, in their discretion, also may pay, from district funds other than adequate education program funds, the whole or any part of the salaries of all employees granted leaves for the purpose of special studies or training.

8. NONLICENSED AND HOURLY PAID SCHOOL EMPLOYEES

The school board may further adopt rules and regulations which will reasonably implement such leave policies for all other non-licensed and hourly paid school employees as the board deems appropriate.

Vacation leave granted to either licensed or non-licensed employees shall be synonymous with personal leave. Unused vacation or personal leave accumulated by licensed employees in excess of the maximum five (5) days which may be carried over from one (1) year to the next may be converted to sick leave. 11. DEFINITIONS

a. For the purposes of this subsection, the following words and phrases shall have the meaning ascribed in this paragraph unless the context requires otherwise:

i. "Catastrophic injury or illness" means a life-threatening injury or illness of an employee or a member of an employee's immediate family that totally incapacitates the employee from work, as verified by a licensed physician, and forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation from the

state for the employee. Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries, such as cancer or major surgery, that result in intermittent absences from work and that are long-term in nature and require long recuperation periods may be considered catastrophic.

ii. "Immediate family" means spouse, parent, stepparent, sibling, child, stepchild, grandparent, stepbrother or stepsister.

b. Any school district employee may donate a portion of his or her unused accumulated personal leave or sick leave to another employee of the same or another school district who is suffering from a catastrophic injury or illness or who has a member of his or her immediate family suffering from a catastrophic injury or illness, in accordance with the following:

i. The employee donating the leave (the "donor employee") shall designate the employee who is to receive the leave (the "recipient employee") and the amount of unused accumulated personal leave and sick leave that is to be donated and shall notify the school district superintendent or his designee of his or her designation.

ii. The maximum amount of unused accumulated personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave remaining, and the maximum amount of unused accumulated sick leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the unused accumulated sick leave of the donor employee.

iii. An employee must have exhausted all his or her available leave and sick leave before he or she will be eligible to receive any leave donated by another employee. Eligibility for donated leave shall be based upon review and approval by the donor employee's supervisor.

iv. Before an employee may receive donated leave, he or she must provide the school district superintendent or his designee with a physician's statement that states the beginning date of the catastrophic injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work.

v. If the total amount of leave that is donated to any employee is not used by the recipient employee, the whole days of donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

vi. Donated leave shall not be used in lieu of disability retirement. §37-7-307

12. JURY DUTY / OTHER LEAVE

Family and Medical Leave Act (GBRIA)

FAMILY AND MEDICAL LEAVE ACT (FMLA)

I. GENERAL

Definition - "Eligible employee" means one who is employed at a school facility where at least 50 persons are employed, either there or within a 75-mile radius of that school facility as measured by road miles by

the shortest route possible; and who has been employed for at least 12 months by the school district as of the date leave commences, and who has also provided at least 1250 hours of service during that 12-month period. Fifty-two (52) weeks of casual, intermittent, or occasional employment qualifies as "at least 12 months". School district employees exempt from FLSA requirements are presumed to have worked 1250 hours.

"Employee's spouse" as defined by Mississippi Law.

"Employee's son or daughter" means biological child, adopted child or foster child, legal ward or the child for whom the employee is standing in loco parentis who is either under the age of 18 or above the age of 18 and incapable of self-care because of a mental or physical disability.

"Employee's parent" means biological parent or an individual who stood (or now stands) in loco parentis to an employee when the employee was a child (not to include parents-in-law).

"Employee's immediate family member" means spouse, son or daughter or parent as defined hereinabove.

For the purposes of FMLA, "serious health condition" means an illness, injury, impairment or physical or mental condition that involves either in-patient care (overnight stay) in a hospital, hospice or residential medical care facility or continuing treatment by a health care provider.*

Leave Provisions - An eligible employee is entitled to 12 unpaid work weeks of leave during any 12 month period for any one or more of the following reasons:

The birth of a son or daughter, and to care for the newborn child (within 12 months of the birth).

The placement of a child with the employee for adoption or foster care (within 12 months of the placement).

To care for the employee's spouse, son, daughter, or parent with a serious health condition (not parent "in-law").

Because of the employee's own serious health condition which makes the employee unable to perform the function of his/her job.

Service Member Exigency Leave: For absences caused by an active-duty exigency when the employee's spouse, child, or parent is a service member.

Military Caregiver Leave: To care for the employee's spouse, child, parent, or next of kin (if the employee is the nearest blood relative) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

IMPORTANT NOTE: The Holmes County Consolidated School District chooses a fiscal year in determining the "12-month period". Once chosen, that method must be used consistently and changed only upon 60 days written notice to all employees.

Spouses have a 12-week aggregate leave limit except for personal illness or the illness of a child or the other spouse; that is, if each spouse took 6 weeks of leave for the birth of a child, each could later use an additional 6 weeks due to personal illness or to care for a sick child.

Brother and sister employees would have an aggregate limit of 12 weeks to care for their parent.

Special rules apply to this school district which allow it to require eligible instructional personnel only to take FMLA leave on an intermittent or reduced leave schedule, or to take leave near the end of a semester. Instructional employees are only those employees whose principal function is to teach and instruct students in a class, small group, or individual setting. Instructional employees include teachers, teacher aides and assistant teachers who teach, coaches, driver's ed instructors and special ed assistants such as signers. All other eligible employees may request intermittent leave or leave on a reduced leave schedule to care for a family member or for the employee's own serious health condition. *

Notice Requirement - School district employees must provide this district at least 30 days advance notice before FMLA leave is to begin if the need for the leave is foreseeable based on an expected birth, placement for adoption or foster care or planned medical treatment for a serious health condition of the employee or family member.

Due to lack of knowledge or a medical emergency, notice must be given as soon as is practicable, which means as soon as both practical and possible or at least verbally within 1 or 2 working days when the need for leave becomes known to the employee (followed by written notice). *

Failure to give 30 days' notice for foreseeable leave may result in the denial of the taking of FMLA leave until at least 30 days after the date the employee provides notice. *

II. REQUIRED CERTIFICATION

Eligible employees shall provide the superintendent certification of a serious health condition for his/her own serious health condition or that of a family member. The certification, to be signed by the health care provider, * shall be attached to the required written notice or submitted in a timely manner which shall be no more than three (3) working days after providing written notice. No leave period may begin without the approval of the superintendent. No approval shall be granted by the superintendent without the required written notice and certificate.

The certification is to include the following:

The date on which the serious health condition in question began.

The probable duration of the condition.

Appropriate medical facts regarding the condition.

A statement that the employee is needed to care for a spouse, parent, or child (along with estimate of the time required) or that the employee is unable to perform his/her functions, and, in the case of intermittent leave, the duration of treatment to be given.

Signature of health care provider.

The school district may require that a second opinion be obtained at the school district's expense. The second opinion may not be provided by a health care provider employed by this school district. In the event of conflicting opinions, the school district may pay for a third and final provider to offer a binding decision.

The school district may require subsequent written recertification on a reasonable basis.

III. EMPLOYEE BENEFITS PROTECTION

An employee who completes a period of leave and has complied fully with the terms of this policy shall be returned either to the same position he/she had before the taking of leave or to a position which is genuinely equivalent (as compared to a comparable or similar job) in pay, benefits, and other terms and conditions of employment.

Taking of leave shall not result in the loss of any previously accrued seniority or employment benefits. Except for health benefits, no other benefits will accrue during the leave period.

The school district may exempt from the restoration requirement in paragraph A above a key employee who is in the highest paid 10 percent of this district's workforce within a 75-mile radius of the school facility if restoring the key employee would cause substantial and grievous injury to the classroom and instructional program. *

The school district shall notify the key employee of its intent not to restore him/her at the time of the request for leave or when the determination is made. If the leave has begun, the key employee shall have the option of deciding whether or not to return to work after receiving the notice. An employee who is not restored shall be considered to be on leave for the duration of his/her leave period.

Health benefits shall continue through an employee's leave period, even for key employees who have been notified that reinstatement will be denied. The school district shall recover health coverage premiums paid for an employee who fails to return from leave except as follows:

No recovery will be made from a key employee who has chosen to take or continue leave after receiving notice of non-reinstatement.

No recovery will be made from an employee who fails to return from leave if the reason is the continuation, recurrence, or onset of a serious health condition, or something else beyond the employee's control, all of which is subject to the certification requirement in Section II, above.

IV. PROHIBITED ACTS

This school district shall not interfere with or restrain an eligible employee's right to exercise the provisions of this policy. *This policy shall take effect and be in force from and after August 5, 1993. An employee's service prior to this effective date shall be counted in determining whether the employee is eligible for leave.

Harassment - Student-to-student sexual harassment will not be tolerated. Complaints of student-to-student sexual harassment will be handled in accordance with Policy JB-P, Student's Complaints of Sexual Discrimination/Harassment.

SEXUAL HARASSMENT

Title IX of the Education Amendments of 1972 is an anti-discrimination law that states no person in the United States, on the basis of sex, shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal financial assistance. The policy of the Holmes County Consolidated Board (The Board) forbids discrimination against any

employee or applicant for employment on the basis of sex. The board of education will not tolerate sexual harassment activity by any of its employees. This policy similarly applies to non-employee volunteers who work subject to the control of school authorities.

The Holmes County Consolidated School District has appointed an employee to serve as the Title IX Coordinator for the district. This person is authorized to coordinate the district's compliance efforts under this law. Because this policy is not amended each time the Title IX Coordinator changes, please contact the superintendent, the federal programs director, or any principal to request the name and contact information of the current Title IX Coordinator. The Title IX Coordinator is also identified with specificity in the district's student handbook, faculty handbook, and on the district website.

DEFINITIONS

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the Title IX Coordinator or to any employee of the school district. All employees of the district are mandatory reporters under Title IX.

The "complainant" is the person who is alleged to be the victim of sexual harassment.

"Deliberate indifference" is when a district's response is clearly unreasonable in light of known circumstances.

An "educational program or activity" includes any location, event, or circumstance over which the educational institution exhibits substantial control over both the alleged harasser and the context in which the harassment occurred. This includes programs or activities which occur on-campus or off-campus and can involve the use of email, social media, or other technologies. 34 C.F.R. § 106.44(a)

A "formal complaint" of sexual harassment is defined as a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegations.

The "respondent" is the individual who has been reported to be the perpetrator of the sexual harassment.

"Sexual harassment" is defined as conduct on the basis of sex that meets one or more of the following: An employee of the recipient conditioning the provision of an aid, benefit or service of the educational institution on an individual's participation in unwelcome sexual conduct (quid pro quo sexual harassment);

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the educational institution's education program or activity; or

Conduct on the basis of sex that meets one or more of the following: "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30)

"Supportive measures" are non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge to a complainant or a respondent before or after the filing of a formal complaint or where a complaint has not been filed. Supportive measures should be designed to restore or preserve equal access to the educational program or activity without unreasonable burdening the other party. Examples of supportive measures include, but are not limited to:

- Counseling
- Course Modification
- Schedule Changes
- Increased Monitoring or Supervision

If the district does not offer supportive measures, the records should document why the response was not clearly unreasonable under the known circumstances.

INDIVIDUALS AND CONDUCT COVERED

These policies apply to all students and employees of the Holmes County Consolidated School District, and third parties, persons hired to provide contracted services, and persons volunteering at school activities. Conduct prohibited by these policies is unacceptable in all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs occur on campus, on a bus, or at another location away from campus. Individuals who violate these policies will be subject to disciplinary action, up to and including suspension or expulsion (if a student) or suspension or termination of employment (if any employee), and in egregious situations, law enforcement officials will be notified as required by law.

REPORTING

Any person may report sex discrimination or sexual harassment regardless of whether the person is the alleged victim. These reports may be made in person, by mail, by telephone, or email to the Title IX Coordinator, or by any other means that results in receipt by the Title IX Coordinator. For K-12 educational institutions, actual notice of sexual harassment is notice of sexual harassment or allegations of sexual harassment made to any employee.

Consistent with Title IX, a school must respond when:
The school has actual knowledge of sexual harassment.
That occurred within the school's education program or activity.

Against a person in the United States.

Nothing in this policy or any other policy impedes or precludes a student, the student's parents, a school employee, or school officials from directly reporting to law enforcement officials any behavior that constitutes a violation of criminal law or any applicable laws.

It is prohibited to knowingly make a false discrimination, harassment, or retaliation report or provide false information in an investigation. Individuals who knowingly file a false or misleading complaint alleging harassment, discrimination or retaliation or provide false information in an investigation are subject to appropriate disciplinary actions.

RETALIATION

The Holmes County Consolidated School District encourages reporting all incidents of discrimination or harassment. Retaliation is prohibited against any person for the purpose of interfering with Title IX rights or because the person participated, or refused to participate, in any manner in a proceeding under Title IX regulations. The district must keep confidential the identity of a person who complains of or reports sexual harassment, including parties and witnesses, except as permitted by law to carry out the purpose of the regulations. 34 C.F.R. § 106.71

Retaliation against an individual for reporting harassment or discrimination or for participation in an investigation of a claim of harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will subject an individual to disciplinary action.

RECORDS

Any records related to reports of sexual harassment must be kept for a minimum of seven (7) years, including: Investigative Records; Disciplinary Records; Remedies; and Appeals.

Records of action taken including supportive measures

The district must also retain for seven (7) years any materials used to train Title IX Coordinators, investigators, decision-makers, and any employee designated to facilitate an informal process. Training materials will also be posted on the district website.

GRADING SYSTEM (IHA)

A student's grade for a subject or skill is intended to reflect grade level mastery of the subject or skills as determined by the accumulation of evaluative information from various sources to include tests, classroom contributions, daily assignments, and other sources identified as appropriate by the teacher.

GRADING SCALE

For grades 1-12, the grading system will be as follows:

A = 90-100	E -Excellent
B = 80-89	S - Satisfactory
C = 70-79	S - Satisfactory
D = 60-69	N - Need Improvement
F= 59 and below	U - Unsatisfactory

For Kindergarten, the grading system will be as follows:

M - Mastery	= 80-100
P – Progressing	= 70-79
Not Progressing	= 60-69
N – Non-mastery	= 59 and below

Regular Courses (Un-weighted)	Accelerated Courses (Weighted)	Advanced Placement/ Dual Credit Courses (Weighted)
A-4.0	A-4.5	A-5.0
B-3.0	B-3.5	B-4.0
C-2.0	C-2.5	C-3.0
D-1.0	D-1.5	D-2.0
F- 0.0	F-0.0	F-0.0

ONLINE AND ADVANCED PLACEMENT COURSES:

Students taking an online course approved by the Mississippi Department of Education, Advanced Placement course(s), and/or Dual Enrollment/Dual Credit courses will receive a weighted grade according to the scale below.

GRADING FOR STUDENTS WITH DISABILITIES

1. The grading system used in the regular education program will be utilized for students who receive instruction through the regular education program and are expected to master the same objectives as a regular education student.
2. Students who receive instruction through the regular education program via an alternate curriculum (different from that provided to grade-level peers) will be assigned grades for each academic area on his/her Individualized Education Plan (IEP). Regular and special education teachers will collaborate to assign grades based on the mastery of objectives/benchmarks outlined on the IEP; they will use the regular grading system for the district.

3. Students, who receive direct instruction in academic areas or functional/life skills from a special education teacher, will receive grades from each academic area based on mastery of objectives/benchmarks identified on the IEP. The regular education grading system will be used.

4. Any student enrolled in regular education courses who does not meet course requirements may receive a failing grade, even though accommodations and modifications have been implemented in accordance with the student's IEP. If it is obvious, however, that the student with a disability cannot function appropriately in a regular education class, the student's IEP will be revised to specify an alternate curriculum.

The grading policy shall be adopted by the local school board, published in the student handbook, and disseminated to parents.

It is the intent of the Commission on School Accreditation and the State Board of Education that grading is the responsibility of teachers.

Any change of grades, other than a final grade, shall be addressed with the teacher who issued the grade and the building level administrator.

Any change of a final grade (as recorded on a cumulative folder or permanent record) shall be presented and approved by a panel consisting of, at a minimum, the teacher issuing the grade, the building level administrator, and a central office administrator.

Written documentation (which includes signatures of all panel members) of all actions must be included in the cumulative folder and available for review by the Mississippi Department of Education. Any changes or corrections must be made on the cumulative folder and permanent record as required by *The Mississippi Cumulative Folders and Permanent Records Manual of Directions*.

In the best interest of students, students in the Holmes County Consolidated School District shall not receive a final nine-week report card grade of less than 50 in any subject. Teachers are still expected to record actual students' grades earned for daily grades, tests, assignments, etc. This will allow for open and honest communication between educators and parents, while at the same time providing a safety net for students who are at-risk of failing or dropping out. Districts may adopt specific grading policies that address the needs of special populations such as students with disabilities and English Language Learners.

Grading

Using the computer grading system now in place in the Holmes County Consolidated schools, it is possible for a teacher to know every student's grade average at any time in the term. At any point when it appears likely that a student's term grade will be a "borderline failing" grade the teacher shall:

1. Inform the student regarding his/her grade average (this also applies to all students).
2. Send a progress report to parent/guardian in accordance with district policy governing progress reports for all students to inform the parent/guardian of the status of the student's grade.
3. Review the student's work/grades to make specific determinations as to the reasons for the "borderline failing" situation.

Re-teaching and Retesting

In the best interest of the students in the Holmes County Consolidated School District, re-teaching and retesting will provide additional time to achieve mastery of critical objectives and will provide students the

opportunity to show understanding of critical concepts. Re-teaching and retesting are beneficial to all stakeholders: students are held more accountable for their learning, parents understand that their child is given an opportunity to improve, and teachers ensure that students are mastering the content and the subsequent teacher receives a student who possesses more requisite skills that are needed to be successful. Students learn different tasks at different rates of speed. Re-teaching permits those students who need more time or instruction to receive it.

PROFESSIONAL RESPONSIBILITIES

PROFESSIONAL PERSONNEL ASSIGNMENT (GBE)

The superintendent of schools shall make assignments to the various schools in the district of all non-instructional and non-licensed employees and all licensed employees, as provided by law; and shall make reassignments of such employees from time to time; however, a reassignment of a licensed employee may only be to an area in which the employee has a valid license issued by the State Department of Education. Upon request from any employee transferred, such assignment shall be subject to review by the school board. ' 37-9-14

Staffing patterns will be reviewed annually to ensure that poor and minority students are not taught by inexperienced, unqualified, or out-of-field teachers' higher rates than are other children. If such patterns are noted, strategies to correct the problem will be developed.

Beginning Teacher Support Program (GADD)

Research shows that the teacher is the most important factor affecting student learning. The superintendent will develop rules that prescribe the circumstances under which the district administration and/or parents/guardians are to be notified of actions taken, any written documentation of actions taken that is necessary, and other appropriate procedures including staff training.

A student code of conduct, developed under the leadership of the district administration, and in cooperation with staff, will be made available and distributed to parents and students outlining student conduct expectations and possible disciplinary actions, including consequences for disorderly conduct.
