School Admission (JBC)

No child shall be enrolled or admitted to any kindergarten which is a part of the free public school system during any school year unless such child will reach his fifth birthday on or before September 1 of said school year, and no child shall be enrolled or admitted to the first grade in any school which is a part of the free public school system during any school year unless such child will reach his sixth birthday on or before September 1 of said school year. No pupil shall be permanently enrolled in a school in the State of Mississippi who formerly was enrolled in another public or private school within the state until the cumulative record of the pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. §37-15-9 (1)

This school district shall admit into its free public schools all minor-age children (MS Code §1-3-27) and all compulsory school age children as defined by in MS Code §37-13-91 (2) (f).

Each minor child shall attend school in the school district of his/her residence unless legally transferred to another school district by the school board pursuant to MS Code §37-15-29.

Except for those students who have been legally transferred, each minor child seeking to enroll in this school district shall be a school district resident. All students shall register at the school they are assigned to attend. §§37-15-29 & 37-15-13

Subject to the provisions of MS Code §37-15-9, subsection (3), [see item 7 below] any child who transfers from an out-of-state public or private school in which that state's law provides for a first grade or kindergarten enrollment date subsequent to September 1, shall be allowed to enroll in this school district at the same grade level as their prior out-of-state enrollment, if:

a. If the parent, legal guardian or custodia of such child was a legal resident of the state from which the child is transferring.

b. The out-of-state school from which the child is transferring is duly accredited by that state's appropriate accrediting authority.

c. Such child was legally enrolled in a public or private school for a minimum of four (4) weeks in the previous state; and

d. The superintendent of schools of this school district has determined that the child was making satisfactory educational progress in the previous state. §37-15-9

7. When any child applies for admission or enrollment in any public school in the state, the parent, guardian, or child, in the absence of an accompanying parent or guardian, shall indicate on the school registration form if the enrolling child has been expelled from any public or private school or is currently a party to an expulsion proceeding. If it is determined
from the child’s cumulative record or application for admission or enrollment that the child has been expelled, the school district may deny the student admission and enrollment until the superintendent of the school or his designee has reviewed the child’s cumulative record and determined that the child has participated in successful rehabilitative efforts including, but not limited to, progress in an alternative school or similar program. If the child is a party to an expulsion proceeding, the child may be admitted to a public school pending final disposition of the expulsion proceeding. If the expulsion proceeding results in the expulsion of the child, the public school may revoke such admission to school. If the child was expelled or is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs, or other activity that may result in expulsion, the school district shall not be required to grant admission or enrollment to the child before one (1) calendar year after the date of the expulsion. §37-15-9 (3)

8. No child shall be allowed to enroll in or attend any school without a valid immunization certificate. §37-15-1 Valid certificates include:

a. Form 121 -- Certificate of Compliance
b. Form 121-A -- Medical Exemption Certificate
c. Form 121-T -- Temporary Compliance Certificate

The Temporary Compliance Certificate, Form 121-T, is not valid after the date shown. After that date, the principal shall deny school attendance by such child unless or until the principal is furnished another Temporary Compliance Certificate, Form 121 T, or a Certificate of Compliance, Form 121, or a Medical Exemption Certificate, Form 121-A.

_Transferring Students (JBC & JBCD)_

No student is to be enrolled in the Holmes County Consolidated School District until all questions regarding residence or immunizations have been resolved.

Students suspended or expelled from another school or school district may not be allowed to enroll. §37-15-9 (3)

No pupil shall be permanently enrolled in a school in this school district who formerly was enrolled in another school within the state or outside the state until the cumulative record of said pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. §37-15-9 (1)

Unless a transfer student is tested in the manner provided in paragraph 5 below, the student will be permanently enrolled and placed in a grade or class based on an official transcript of credits from the last school attended. §37-15-33

All students seeking to transfer from any school, public, private, or home school, within or outside of the boundaries of the State of Mississippi, to this school district shall be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.

The administrative head of the school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application for transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No transfer of a pupil shall be affected until the test has been given and the pupil is assigned to the grade and class for which the test shows he is best suited. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to have the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made.

If any student is transferred or reassigned within this school district by an order of the board of trustees of this school district as designated by law of the State of Mississippi and not at his own request, the requirement
of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. §37-15-33

Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by this school board. §37-15-31 (1) (d)

**STUDENTS OF MILITARY FAMILIES**

A pupil complies with the residency requirements for school attendance in a school district if the parent of the pupil is transferred to, or is pending transfer to, a military installation with this state while on active military duty pursuant to an official military order. A school district shall accept an application for enrollment and course registration by electronic means for a pupil who meets these requirements, including enrollment in a specific school or program within the school district.

The parent of a pupil who meets these requirements shall provide proof of residence to the school district within ten (10) days after the published date provided on official documentation.

The parent may use the address of any of the following as proof of residence.

- A temporary on-base billeting facility
- A purchased or leased home or apartment.
- Any federal government housing or off-base military housing, including off-base military housing that may be provided through a public-private venture

The school district may require additional documentation and verification at any time.

At the minimum, the Holmes County Consolidated School District shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.

The provisions of this policy do not apply to students who reside outside the school district, but who have legally transferred into the school district.

Any court ordered procedure shall take precedent over any procedure contained herein.
Student Expectations

We Believe everyone deserves a safe, supportive, and orderly learning environment.

We encourage appropriate behaviors by teaching, guiding, directing, and providing opportunities for new learning to occur.

We create opportunities for students to practice and succeed in making responsible and effective choices to reach their academic potential and contribute to the school community.

Students should:

▪ Respect and be courteous to fellow students, parents/guardians, and school staff.
▪ Understand and comply with discipline policies, regulations, and rules.
▪ Follow school rules, even when not specifically asked to do so.
▪ Make every reasonable effort to participate actively in any conferences, activities, interventions, or programs recommended appropriately by school staff.
▪ Recognize how their conduct affects other students and school staff and make every reasonable effort to restore relationships affected by their conduct.
▪ Request to complete make-up work while they are out of school for disciplinary reasons, so that they do not fall behind.
▪ Share ideas and strategies for improving school climate and school discipline practices.

Tiers of Intervention

A major initiative in HCCSD is Positive Behavioral Intervention & Supports (PBIS) which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a three-tiered or level system of support to enhance student learning.

Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognize that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions.

(Center for Positive Behavior Intervention Supports, University of Oregon)

**Tier 1 – All Students**

General curriculum enhanced by acknowledgements of positive behaviors, and clearly stated expectations that are applied to all students.

**Tier 2 – Targeted Interventions**

Focus on:

- Specific interventions for students who do not respond to universal efforts
- Targeted groups of students who require more support
- Interventions that are part of a continuum of behavioral supports needed in schools

**Tier 3 – Intensive Individualized Interventions**

Focus on:

- The needs of individual students who exhibit a pattern of problem behaviors
- Diminishing problem behaviors and increasing the student’s social skills and functioning
- Interventions involving functional behavioral assessments and behavioral intervention plans

Specific Location Expectations

Children’s experiences on the bus, in the cafeteria, and on the playground are integral parts of their school day. The staff expectations concerning behavior extend from those found in the General Behavioral Guidelines and the rules established in the classroom. Staff members on duty will use guidelines provided below, and their own good judgement to help students develop responsible behavior throughout the school building.
Be respectful in the cafeteria!

Be resilient as you walk to class through the hallways!

Be responsible for your safety and others on the playground!

Hallway Expectations
Students will:

• Move through the hallways quietly so that others working are not disturbed
• Be respectful to others throughout the building
• Gain permission to be in the hallway when traveling from class to class if not accompanied by the teacher

Cafeteria Expectations
Students will:

• Enter the cafeteria in an orderly manner
• Request permission to leave their seats once they sit down to eat
• Speak in a normal and respectful tone of voice
• Use appropriate table manners and be courteous to others
• Clean their table and floor area before leaving for recess
• Wait quietly until staff members escort them out

Playground Expectations
Students will:

• Adhere to the boundaries of the playground. This includes the blacktop, equipment area, and the field (when appropriate)
• Use equipment in a safe, appropriate, and responsible manner
• Consider others’ safety when choosing an activity. Activities such as wrestling, play fighting, and tag are examples of inappropriate behavior.
• Make their way to and from the playground in an orderly manner
• Seek permission to leave the playground
• Dress appropriately for the weather
**Bus Behavior Expectations and Safety Requirements for all Students**

**Riding the school bus is a privilege.**

- This privilege may be temporarily denied or permanently revoked if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus. All school rules apply to the school bus. School suspension is a possible sanction.
- Students are expected to observe the following rules for safety and courtesy on the bus.
- Parents are responsible for the supervision and safety of students from home until they board the bus, and from the bus stop to home.

### At the bus stop:

- Exercise safe pedestrian practices while on the way to the waiting area for the bus stop.
- Students need to be in line ready to board the bus 10 minutes before the scheduled pickup. Do not sit in vehicles until the bus arrives.

- If crossing a street controlled by bus warning lights is necessary, cross promptly after checking that all traffic in all directions has stopped. Cross only in front of the bus.
- Upon entering the bus, proceed directly to an available or assigned seat.

### On the bus:

- Be respectful of all people, including all bus personnel. Follow instructions.
- Use language appropriate for the school setting.
- Keep the bus neat and clean. Do not eat or drink.

- Exercise safe pedestrian practices while on the way from the bus stop to your home.
Student Attendance, Tardies, and Excuses (JBD)

Attendance Laws and Policies

The Holmes County Consolidated School District believes that good attendance, with a minimum of tardiness and absenteeism, is essential if students are to gain maximum benefit from the school district’s instructional program. The Interim Superintendent will develop administrative regulations governing tardiness and absences (excused and non-excused).

The administrative regulations shall be based on all applicable state laws governing absenteeism and tardiness and shall include (but not limited to) the counting and reporting of students to the Mississippi Department of Education for attendance purposes, expectations for good student attendance, parent responsibility, excused and unexcused absences, and tardiness. Initial administrations regulations and any future changes to such administrative regulations shall be approved by the school board before implementation.

Attendance Reporting: In order for a student to be considered as having attended school for a full day, the Interim Superintendent specifies that each student must be present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school. For purposes of reporting absenteeism, a student who has an absence that is more than thirty-seven percent (37%) of the student’s instructional day, as fixed by the school board for the school at which the student is enrolled, shall be considered absent the entire school day.

Full Day Attendance: When a student is present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school.

Unlawful Absence: An absence for an entire school day or during part of a school day when such absence is not due to a valid excuse.

Compulsory School Attendance Guidelines (JBA)

Under the Mississippi Compulsory School Attendance law, a parent, guardian, or custodian of a compulsory school age child in this state shall cause such child to enroll in and attend a public school or legitimate nonPublic school. Under the provisions of this law, compulsory-school age child means a child who has reached or will reach the age of six (6) years on or before September 1 of the calendar year and who has not reached the age of seventeen (17) years on or before September 1 of the calendar year, and shall include any child who has reached or will reach the age of five (5) years on or before September 1 and has enrolled in a full-day public school kindergarten program. It is the responsibility and duty of the parent to see that their child attends school.

Compulsory-school-age children must be enrolled in school unless the child is:

a) Physically, mentally, or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation,

b) Enrolled in and pursuing a course of special education, remedial education, or education for handicapped or physically or mentally disadvantaged children; or

**Absences**

**Unlawful Absences/Valid Excuses (JBA)**

An *unlawful absence* is an absence during a school day by a compulsory-school-age child, whose absence is not due to a valid excuse for temporary nonattendance. Days missed from school due to disciplinary suspension shall not be considered an *excused* absence under this section. Each of the following shall constitute a valid excuse for temporary nonattendance, provided satisfactory evidence of the excuse is provided to the superintendent or his designee.

**Excused Absence**

a) Attendance at an authorized school activity with the prior approval of the superintendent of the school district or his designee. Such activities may include field trips, athletic contests, student conventions, music festivals and any similar activity.

h) Participation in a valid educational opportunity, such as travel including vacations or other family travel, with the prior approval of the superintendent or their designee. (Approval shall be based on the professional judgment of the superintendent or their designee but shall not be withheld unless the extent of the absence would adversely affect the student's education.)

i) Other conditions sufficient to warrant non-attendance, with prior approval of the superintendent or his designee. However, no absences shall be excused when any student’s suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law. 37-13-91 (4)

j) An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA
event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.

General Rules of Attendance

Perfect Attendance

Perfect Attendance is defined as being present 100% of the school year. Absence(s) that are due to official school sponsored activities will not count against the student’s eligibility for perfect attendance.

Attendance Record Keeping

A student must be present for 63% of his or her individual instructional day to be counted as present. For purposes of reporting absenteeism, a student who has an absence that is more than thirty-seven percent (37%) of the student’s instructional day, as fixed by the school board for the school at which the student is enrolled, shall be considered absent the entire school day.

Teachers shall take and record attendance at the beginning of each period. Students who arrive at school late must be accompanied by an adult to the principal’s office or designated area to be marked present for the day.

Dismissal Precautions

Parents and students shall refer to Policy JGFC

Withdrawal from School

A. No student shall leave school without permission from the principal or the principal’s designee.

B. Students shall be allowed to withdraw from school for personal illness or bona fide emergency. Students must secure a check-out permit from the principal’s office, and a parent or guardian contacted before they will be allowed to leave school.

C. Students having an appointment with a doctor or dentist or for other valid reasons may checkout from school as follows:

1. A parent or guardian may personally come to the school and checkout a student.
2. The student may present a doctor or dentist appointment card to the principal's office and receive a checkout permit.

3. The student may present a note from a parent or guardian to the principal's office, which contains the reason for checkout, the time of checkout, and a phone number where the parent or guardian can be contacted, in order to receive a checkout permit.

4. All checkout permits must be obtained from the principal's office on the day of checkout.

5. The checkout permit is to be used as the written excuse but must be signed by a parent, guardian, doctor, or dentist in order to be valid.

6. If a note or appointment card cannot be verified, school officials reserve the right to refuse the issuance of a checkout permit.

7. Work must be made up if a checkout is for any of the reasons shown above. Work must be made up if a checkout to meet a doctor or dental appointment causes a student to miss classwork.

D. No student shall leave school without a checkout permit or without signing out at the principal's office.

E. Withdrawal requests during the last period of the day shall receive strict scrutiny by the principal's office due to abuse of the withdrawal privilege.

**Tardiness**

The Holmes County Consolidated School District encourages promptness. Students are expected to be at school and in class on time.

**Tardiness to School**

A student is tardy to school if he/she arrives at school after the tardy bell has rung. A tardy slip must be secured from the principal's office before a student can be admitted to class. Parents of students are expected to accompany the child into the building when the child is tardy to school.

**Tardiness to Class**

A student is tardy for class if he/she arrives in the class after the period has officially begun or the bell has sounded. The tardy must be recorded by the teacher.

Tardies to school and class will be counted per semester of the school year, and all tardy reports will be kept on file in the principal's office.

**Excused Tardiness**

Excused tardies shall include:

- Tardies due to late school bus arrival.
- Medical and dental appointments accompanied by a written excuse on official letterhead or stationery.
- Illness of the student, accompanied by a valid parental written statement.
- Other special circumstances acceptable to the building administrator.

**Attendance Policies**

A student is considered truant if:
1. The student is compulsory school age and has not enrolled within fifteen (15) days of the school year.

2. The student is compulsory school age and has accumulated five (5) unlawful or unexcused absences during the school year of the school in which he/she is enrolled, the principal shall report such absences to the school attendance officer of the youth court or family court within two (2) school days or five (5) calendar days, whichever is less. 37-13-41.

3. The student is absent from school without permission of a parent guardian, custodian, and school officials.

   A written excuse from a parent will not be accepted if a student has been truant.

**Attendance Appeal Procedures**

Once a student has exceeded the maximum number of days allowed, he/she may not be awarded credit for the course or be promoted to the next grade level. At this time, the student will automatically be referred to the Teacher Support Team. Parents are encouraged to provide additional information regarding the reasons for absences. The appeals process is as follows:

- The appeal must be directed to the school principal, must explain the circumstances that led to the absences, and must include sufficient documentation.
- The principal shall forward the appeal to the Teacher Support Team.
- The Teacher Support Team will then schedule a meeting with the parent(s) regarding the student’s attendance.

If the student was absent due to a long-term illness, a letter from the attending physician explaining the nature and length of the illness may be appropriate to assist the Teacher Support Team. Documentation from a physician or officer of the court must be original and may be subject to verification. A fax originating from the appropriate office will be accepted.

Appeals not granted by the school’s Teacher Support Team will be reviewed by a District Attendance Committee composed of teachers and administrators at the end of each semester. Upon completion of the review, the parent/legal guardian will be notified of the decision.

Makeup opportunities for students with excessive absences and/or tardies will be arranged in a way deemed appropriate by the school administrator.

The School Attendance Officers for the Holmes County Consolidated School District may be reached at 662-834-2175.

**Truancy (JBAC)**

A "truant" is a student who is absent without a valid excuse as identified in Policy JBA, Compulsory School Attendance.

"Truancy" also includes absence without permission from any class, study hall or school-related activity for which a student is scheduled during the school day.
Disciplinary action shall be taken against students who are truant. Continued truancy may lead to academic failure, placement in the alternative school program and/or suspension or expulsion from the regular and/or alternative school programs.

Reports of truancy shall be made in accordance with the Mississippi Compulsory School Attendance Law (MS CODE ’37-13-91) and Policy JBA.

**Release of Students**

No student shall be allowed to withdraw from school or school-sponsored activity prior to scheduled release time unless written request from parent/guardian has been received by the school in advance.

Students shall not be allowed to leave and return to school or to a school-sponsored activity to run personal errands, purchase supplies, parts, or food.

No student shall be released at the conclusion of any out-of-town school-sponsored activity to return home via alternate means without prior approval by school authorities of a written request from parent/guardian.

No student shall be abandoned by a sponsor/director/chaperone at the completion of a school-sponsored activity to wait for a ride or to walk home.

**Transfers and Withdrawals**

All students seeking to transfer from any school, public, private or homeschool, within or outside of the boundaries of the State of Mississippi, to the Holmes County Consolidated School District may be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.

The administrative head of each public school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application to transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No transfer of a pupil shall be affected until the test has been given and the pupil is assigned according to the grade and class for which the test shows he is best suited. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to have the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade...
and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made. ’ 37-15-33

**Testing Waiver**

If any student is transferred or reassigned within the school district by order of the school board of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. ’ 37-15-33

**Student Academics**

**GRADING FOR STUDENTS WITH DISABILITIES**

1. The grading system used in the regular education program will be utilized for students who receive instruction through the regular education program and are expected to master the same objectives as a regular education student.
2. Students who receive instruction through the regular education program via an alternate curriculum (different from that provided to grade-level peers) will be assigned grades for each academic area on his/her Individualized Education Plan (IEP). Regular and special education teachers will collaborate to assign grades based on the mastery of objectives/benchmarks outlined on the IEP; they will use the regular grading system for the district.

3. Students, who receive direct instruction in academic areas or functional/life skills from a special education teacher, will receive grades from each academic area based on mastery of objectives/benchmarks identified on the IEP. The regular education grading system will be used.

4. Any student enrolled in regular education courses who does not meet course requirements may receive a failing grade, even though accommodations and modifications have been implemented in accordance with the student’s IEP. If it is obvious, however, that the student with a disability cannot function appropriately in a regular education class, the student’s IEP will be revised to specify an alternate curriculum.

Any change of grades, other than a final grade, shall be addressed with the teacher who issued the grade and the building level administrator.

Any change of a final grade (as recorded on a cumulative folder or permanent record) shall be presented and approved by a panel consisting of, at a minimum, the teacher issuing the grade, the building level administrator, and a central office administrator.

Written documentation (which includes signatures of all panel members) of all actions must be included in the cumulative folder and available for review by the Mississippi Department of Education. Any changes or corrections must be made on the cumulative folder and permanent record as required by The Mississippi Cumulative Folders and Permanent Records Manual of Directions.

In the best interest of students, students in the Holmes County Consolidated School District shall not receive a final nine-week report card grade of less than 50 in any subject. Teachers are still expected to record actual students’ grades earned for daily grades, tests, assignments, etc. This will allow for open and honest communication between educators and parents, while at the same time providing a safety net for students who are at-risk of failing or dropping out. Districts may adopt specific grading policies that address the needs of special populations such as students with disabilities and English Language Learners.

**Athletic Eligibility Requirements**

The Holmes County Consolidated School District will adhere to guidelines set by the Mississippi High School Athletic Association.
Grading for Students with Disabilities

The grading system used in the regular education program will be utilized for students who receive instruction through the regular education program and are expected to master the same objectives as a regular education student.

Students who receive instruction through the regular education program via an alternate curriculum (different from that provided to grade-level peers) will be assigned grades for each academic area on his/her Individualized Education Plan (IEP). If it is obvious, however, that the student with a disability cannot function appropriately in a regular education class, the student’s IEP will be revised to specify an alternate curriculum.

Grading

Using the computer grading system now in place in the Holmes County Consolidated schools, it is possible for a teacher to know every student’s grade average at any time in the term. At any point when it appears likely that a student's term grade will be a "borderline failing" grade the teacher shall:

1. Inform the student regarding his/her grade average (this also applies to all students).
2. Send a progress report to parent/guardian in accordance with district policy governing progress reports for all students to inform the parent/guardian of the status of the student’s grade.
3. Review the student's work/grades to make specific determinations as to the reasons for the “borderline failing” situation.

Class Schedules

Students must be enrolled in at least six classes each school term.

Honors and Special Honors

Grades 3-11 (IHAC)

Scholarship is recognized and encouraged through an academic honor roll.

The following criteria will be used to determine a student’s honor roll classification:
• Special Honor Roll: Students must have a 90-100 grade average in each subject reported on the report card.

• Honor Roll: Students must have an 80-100 grade average in each subject reported on the report card.

CREDIT RECOVERY PROGRAM (IDCAB)

As a means of helping students get back on track toward graduation and to encourage students to remain in school, the Holmes County Consolidated School District School Board shall offer a “Credit Recovery Program” which allows students within the Holmes County Consolidated School District to earn credit for a course that was previously failed.

“Credit Recovery” shall be defined as a course-specific, skilled based learning opportunity for students who have previously been unsuccessful in mastering content / skills required to receive course credit or earn promotion.

Credit recovery courses are to be used only for graduation requirements. Students must have had a grade of 55 or above in the course to participate in a credit recovery course and the credit recovery grade shall be factored with the original failing grade to determine the student’s final grade. A student who failed a course (such as English) may take the Credit Recovery Class in the same content area during the same year if necessary for graduation.

Credit recovery courses shall be delivered using online programs, the Mississippi Virtual Public School (MVPS), direct instruction, and/or computer assisted instruction. The credit recovery course must be completed in within a semester with 70 percent mastery. Teachers and facilitators involved with the credit recovery program shall be trained. Certified staff shall be used to facilitate online credit recovery.

The Holmes County Consolidated School District shall allow time during the school day and after school so that students may work on course material. Credit recovery programs may also be completed in the summer similar to extended school.

The credit recovery program shall include an assessment of individual student's strengths and weaknesses regarding course content, and based on this assessment, the students shall complete instruction only on the course objectives which have not been mastered. Parents shall be counseled about providing resources and motivation for their children. Upon mastery of the objectives, the student shall receive credit for the course.

Admission to and Removal from The Credit Recovery Program

Each participant shall complete an application process that requires—at a minimum—teacher recommendations, an outline of the course objectives that will be covered, mastery criteria, timelines for completion of the program and parental consent.
**Advanced Placement and Dual Credit Courses (IHA)**

Students taking an online course approved by the Mississippi Department of Education, Advanced Placement course(s), and/or Dual Enrollment/Dual Credit will receive a weighted grade.

**Dual Enrollment Credit**

Eligible students may participate in the dual enrollment program established by the Holmes County Consolidated School District in compliance with the Mississippi Code of 1972, Section 37-15-38.

A dual enrolled student is a student who enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving a high school and college credit for postsecondary work.

A student may be granted dual credit allowances that are consistent with Policy IDAG.

See policy IDAG for Dual Enrollment Credit.

**Promotion and Retention (IHE)**

Promotion and retention decisions shall be based on the individual student's ability to show mastery on basic and essential skills as set forth by the Holmes County Consolidated School District Curriculum. Basic and essential skills are to be based on the state curriculum framework, as well as those skills identified as essential by the teachers of Holmes County Consolidated Schools and passed by the Holmes County Consolidated School District Board of Education.

A student may not be assigned a grade level based solely on age or any other factor that constitutes social promotion (ICHI).

In order to be promoted to first grade, kindergarten students must achieve mastery of all kindergarten report card skills.

Students in grades 1-4 will be promoted by mastering 70% of the state language arts and mathematics objectives. Promotion, retention, or transfer decisions will be made at the end of the year by a committee of teachers, counselors, and administrators. Factors such as age and previous retention may be considered.

Beginning in the 2018-2019 school year, if a student's reading deficiency is not remedied by the end of the student's Third-Grade year, as demonstrated by the student scoring above the lowest two (2) achievement levels in reading on the state annual accountability assessment or on an approved alternative standardized assessment for Third Grade, the student shall not be promoted to Fourth Grade (ICHI).

Students in grades 5-8 will be promoted by mastering 70% of the state objectives in language arts, mathematics, and science or social studies. Promotion, retention, or transfer decisions will be made at the end of the year by a committee of teachers, counselors, and administrators. Factors such as age and previous retention may be consider.

A student shall not be retained for the purpose of maturing in order to participate in competitive sports. Retention shall be based
only on failure to show mastery of academic content.

A student who is enrolled in any grade higher than Grade 6 in a school district must be suspended from participation in any extracurricular or athletic activity sponsored or sanctioned by the school district after a semester in which the student's cumulative grade point average is below 2.0 on a 4.0 scale in accordance with the Mississippi High School Activities Association (MSHAA). This portion of the standard will be jointly monitored and enforced by the State Board of Education and the MHSAA. (MS Code 37-11-65)

Promotion for high school students shall be based upon satisfactory completion of the required high school credits and successful completion of the assessment options as set forth by the MDE Policy.

Students must successfully complete the course requirements for both the state and district to receive a diploma. If a student passes the state scale score on the subject area test but does not pass the district's 70% mastery level for the coursework, then the student may be considered for credit recovery. If a student passes the district's 70% mastery level but fails to meet the state's then the student must re-take and pass the subject area test or meet one of the assessment options as set forth by the MDE Policy. Students are highly encouraged to be at school, participate in class, and study the necessary skills to be successful in their participation in the Subject Area Test Program. The district will, however, provide remediation as necessary to support student success.

Classification of secondary students for Holmes County Consolidated Schools is as follows:

Students entering the ninth grade:

9th Grade  Promotion from 8th grade
10th Grade  5 units earned
11th Grade  11 units earned
12th Grade  17 units earned, and enrolled in English IV

A student who meets all requirements prescribed in subsection (1) of this section shall be awarded a standard diploma in a form prescribed by the state board. The State Board of Education may establish student proficiency standards for promotion to grade levels leading to graduation. ‘37-16-7 (1999)

August 2018
**Class Ranking (IHDA and IHF)**

*For School Year 2021-2022:*

**Graduating Seniors**

The Valedictorian is the student who has earned the highest grade point average in the graduating class at the end of the second (2nd) 9-week term of grade 12. All Carnegie units issued will be calculated in the grade average.

The Salutatorian is the student who has earned the second highest grade point average at the end of the second (2nd) 9-week term of grade 12. All Carnegie units issued will be calculated in the grade average.

In selecting the valedictorian, if the GPA of the top graduates is the same or is a difference of less than .03, then co-valedictorians or multiple valedictorians will be named.

In selecting the salutatorian, if the second highest GPA after the valedictorian's GPA is determined is the same or is a difference of less than .03, then co-salutatorians or multiple salutatorians will be named.

Both weighted and non-weighted courses will be used to determine the GPA. When co-valedictorians and co-salutatorians are named, they will be honored in alphabetical order.

Special Honor students are all those students having a grade point average in Carnegie units of 4.0 and above at the end of the second (2nd) nine-week term of grade 12.

Honor students are all those students having a grade point average in Carnegie units of 3.0 - 3.9 at the end of the second (2nd) nine-week term of grade 12.

The Valedictorian and the Salutatorian must be a student who was enrolled his/her complete Junior (11th grade) and Senior (12th grade) years at the present school.

**Note concerning GPA**

Letter grades will be used to compute the GPA. However, numerical grades will be used to determine if there are co- or multiple valedictorians and salutatorians. All courses taken each year in which a Carnegie unit is awarded will be used to calculate each student's GPA. The GPA will be used to determine the valedictorian, salutatorian, highest honors, honors, and class rank.

**Honors and Special Honors (IHAC)**

Scholarship is recognized and encouraged through an academic honor roll. The honor roll is compiled at the end of each nine weeks. Honor recognition will be put in the county paper. Students who maintain honor status through all testing periods will be recognized during awards day/night and will receive an honor certificate.

The Holmes County Consolidated School Board is quite proud to endorse Honors and Special Honors Programs designated to recognize those deserving pupils. It is most important that the schools of this system reflect unity in determining the criteria for an Honors and Special Honors Program.

The following criteria will be used to determine a student's honor roll classification:

- Special Honor Roll: Students must have a 90-100 grade average in each subject reported on the report card.
- Honor Roll: Students must have an 80-100 grade average in each subject reported on the report card

**IDEA Services and Child Find (IDDFA)**

**Service Goal Policy**

The Holmes County Consolidated School District is committed to serving students with disabilities. The district hereby sets a goal of providing educational opportunities to identified eligible students with disabilities under the
age of twenty-one (21). The opportunities will be provided in accordance with application of state and federal laws and court decisions.

**Free Appropriate Education Policy**

The Holmes County Consolidated School District will provide free appropriate public educational programming for students with disabilities ages three (3) through twenty (20).

**Child Find Policy**

Each year, the Holmes County Consolidated School District will have an awareness campaign aimed at locating and identifying children with exceptionalities. When a child is suspected of having a disability is referred, a MET meeting will be held to determine the need for a comprehensive assessment. If the child is determined eligible for special education services, he or she will be provided a free appropriate public education in accordance with application of state and federal laws and court decisions.

**Individualized Educational Program [IEP] (IDDFAA)**

The district will develop or revise, whichever is appropriate, and implement an Individualized Educational Program for each eligible student with a disability. The program will be reviewed periodically but not less than annually.

**Due Process**

The district will ensure that eligible students with disabilities and their parents are guaranteed due process with respect to the provision of a free appropriate public education.

**Least Restrictive Environment**

The district will, to the maximum extent appropriate, educate eligible students with disabilities with students having no disability in their age group. The removal of students with disabilities from the regular education program will occur only when the nature or severity of the disability is such that education in regular classes with supplementary aids and services cannot be achieved satisfactorily. A continuum of alternative placements based on individual students’ IEP will be provided to eligible students with disabilities in the district.

Placement of the students will be determined at least on an annual basis and will be as close to the student’s home as possible. In selecting the least restrictive environment for each student, consideration is given to any potentially harmful effect on the student, or the quality of services needed. If a student with a disability can function socially, emotionally, and mentally with students with no disability or a similar chronological age, he or she will be given that opportunity in accordance with his/her IEP.

Opportunities for participation to the maximum extent appropriate in a variety of non-academic and extracurricular services will be available to children with disabilities.

**Protection in Evaluation**

Evaluation materials and placement procedures used by the district will be, to the maximum extent possible, selected and administered so as not to be racially or culturally discriminatory such that no student will be misclassified, misplaced, or unnecessarily labeled as having a disability because of the inappropriate selection, administration, or interpretation of the materials procedures.

**Confidentiality**

The district will protect the confidentiality of all the data in its records relative to students with disabilities.

**Extended School Year for Children with Disabilities**

When necessary to insure a free appropriate public education (FAPE), Holmes County Consolidated School District shall offer an extended school year program to those students with dis-
abilities whose Regression-Recoupment Syndrome is so severe that it can be predicted that they will have gained no educational benefits from their previous year’s educational programs (as defined in the IEP) without extended school year services. The purpose of the extended program is to maintain each student’s mastered skills so that the summer vacation period will not render the previous year’s educational program of no educational benefits.

Graduation Age Consideration

A student must be at least (17), but not more than (21) years of age prior to the date of graduation.

General Consideration

All students graduating from the special education program will have the same rights and privileges as other graduating seniors.

Mandatory Uniform Policy (JCDB)

The Board of Trustees will require students to dress in district-specified uniforms. Students shall wear the same color uniform, which is shirts, blouses, skirts, trousers, etc., and will be required to comply with established guidelines.

The uniform shall be the required attire five (5) days a week. The Superintendent may give authority to the principal at each school to alter the dress code one day a week for an incentive.

Guidelines

a. Male students shall not be allowed to wear earrings during the school day.

b. All students will be expected to wear a polo, oxford style or button-down dress shirt. Only white or black shirts will be allowed under the uniform shirt.

c. Bottoms shall not be excessively tight. They will be no more than 2 inches above the knee, and they will not sag (hanging below the natural waistline).

d. Students shall wear solid close-toed casual or tennis shoes.

e. Students shall wear a solid brown or black belt with a normal sized buckle.

**Student Health (JGC)**

Although the Holmes County Consolidated School District’s primary responsibility is to educate students, the students health and general welfare is also a major Board concern. The Board believes school programs should be conducted in a manner that protects and enhances student and employee health and is consistent with good health practices.

The district recognizes its responsibility to notify parents in advance of any non-emergency, invasive physical examination or screening that is required as condition of attendance; administered and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students.

**Student Health Service Inoculations (JGCB)**

The Holmes County Consolidated School District Board has the power, authority, and duty to require those vaccinations specified by the state health officer as provided in Section 41-23-37. ’37-7-301 (i).

**Head Lice**

For any student who has had head lice on three (3) consecutive occasions during one (1) school year, the principal shall notify the county health department of the recurring problem of head lice with that student. The student shall not be allowed to attend school until proof of treatment is obtained. §41-79-21

**EDUCATING STUDENTS WITH CHRONIC INFECTIOUS DISEASES**

A student with a chronic infectious disease shall be removed from the classroom temporarily and until the district’s medical advisor in consultation with the student’s physician determines whether the student’s presence in the school poses a risk of transmission of such chronic infectious disease to others.

Should it be determined by the school’s medical advisor that attendance poses no threat, the student shall be allowed to resume attendance at school subject to whatever restrictions or limitations, if any, that the school’s medical advisor shall recommend. The student’s school attendance shall be reviewed by the school’s medical advisor in consultation with the student’s physician at least once every month to determine if continued school attendance poses any risk of transmission of such chronic infectious disease to others.

Should it be determined by the school’s medical advisor that attendance at school poses a risk of transmission of such chronic infectious disease to others, an appropriate alternative education program shall be established for that student who shall continue until the district's medical adviser determines that the risk of
transmission to others has abated and normal school attendance can resume.

The decision of the district's medical adviser shall be final.

**Program of First Aid (JGFG)**

Each principal shall have a planned written program for handling emergencies resulting from accident or sudden sickness of students which shall be approved by the designee of the superintendent. The program of first aid for emergencies shall provide direction for giving immediate care, notifying parent, guardian, or custodian, getting the student home, and directing the parent, where necessary, to the source of treatment.

**Administration of Prescription Medicine**

School personnel will not administer prescription medicine to a student unless the student's physician authorizes school personnel to administer the medicine and the parents/guardians have signed the Indemnity Agreement associated with this policy. The parents/guardians are responsible for obtaining a statement from the physician authorizing school personnel to administer the medicine. The statement should include:

1. Student's name

4. Method of administration
5. Time(s) to administer the medicine
6. Amount of medicine
7. Date to discontinue or review administration of medicine
8. Physician's signature

3. Method of administration
4. Time(s) to administer the medicine
5. Prescription number
6. Name of pharmacy
7. Date filled

**Asbestos**

The Holmes County Consolidated School District wishes to inform the faculty, students, parents, and the public as to the status of its asbestos management program. The Holmes County Consolidated School District has on file with the Mississippi Department of Education an approved asbestos management plan and has completed the three-year re-inspection of all asbestos material. Asbestos-containing building materials remaining in district facilities do not present a health risk to our students or the public.

The district has trained personnel on staff to identify, handle and dispose of asbestos material should there be a need. Anyone wishing to review the district’s asbestos management plans may do so at the Educational Services Center or each school location.

**Student Safety (JGF)**

**CHILD ABUSE OR NEGLECT**

If the State Board of Education finds the disaster or extreme weather emergency to be the cause of the school not operating for the contemplated school term and that such school was in a school district covered by the Governor’s or President’s disaster or state of emergency declaration, it may permit that school board to operate the schools in its district for less than one hundred eighty (180) days; however, in no instance of a declared disaster or state of emergency under the provisions of this subsection shall a school board receive payment from the State Department of Education for per pupil expenditure for pupils in average daily attendance in excess of ten (10) days. ' 37-13-63

Such fire drills shall be conducted often enough to keep such pupils well drilled. It shall be the further duty of such principals and teachers to instruct the pupils in all programs of emergency management as may be designated by the state department of education.

The discipline policy incorporates the student code of conduct required by Policy JCB and the policies and procedures set forth in Policies JDA, JDC, JDD and JDE and as supplemented by all others adopted subsequent thereto.

The School Safety Act of 2001 (JCB)

The School Safety Act of 2001 provides a procedure for disciplining students whose behavior, as determined by the principal or designated administrator of each school, seriously interferes with the school environment as defined by the Act. The Superintendent is authorized to develop and implement the following procedures in the Holmes County Consolidated School District more fully. These provisions of the School Safety Act of 2001 are cumulative and in addition to existing school district discipline procedures.

The teacher is the authority in the classroom and, as such, is charged with classroom management. The administration will continue to support the teacher in decisions made in compliance with the written discipline code of conduct, school policies and procedures.

Teachers continue to have the authority to remove students from their classrooms under existing policies and statutes for certain behaviors and/or actions, and such behavior would not necessarily constitute "disruptive behavior" as defined in the School Safety Act of 2001 ("Act"). In accordance with the Act and the Attorney General opinion dated June 25, 2001, this District designates the building principal or assistant principal of each school to make the determination as to whether a student's behavior seriously interferes with the school environment. Every removal from the classroom does not constitute an instance of "disruptive behavior" as defined by the Act.

"Disruptive Behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees; defiance, ridicule, or verbal attack of a teacher; and willful, deliberate, and overt acts of disobedience of the directions of a teacher.

"Habitually disruptive" refers to such actions of a student which cause disruption in a classroom, on school property or vehicles or at a school related activity on more than two (2) occasions during a school year, and to
disruptive behavior that was initiated, willful and overt act on the part of the student and which required the attention of school personnel to deal with the disruption.

Should a student be removed from the classroom by a teacher because a teacher, in his or her professional judgment, has determined that the student is disrupting the learning environment under this Act, the teacher should describe the student’s behavior in the information provided to the principal or assistant principal. If the principal or assistant principal disagrees with the teacher’s decision to remove the student, the principal may return the student to the classroom. The teacher may request that the principal or assistant principal provide justification for returning the student to the classroom. A student does not have to be engaged in disruptive behavior as defined by Mississippi Code Annotated §7-11-54 (or the Act) to be removed from the classroom. A student may be removed from the classroom for other qualifying behavior under the Holmes County Consolidated School District’s discipline plan.

Should the principal or assistant principal determine that the student’s conduct does rise to the level of “disruptive behavior” required in the Act or in accordance with existing procedures addressing the removal of the students from class, the parent/guardian will be contacted and a conference held with the parent/guardian by the most effective and/or efficient means available, including but not limited to, telephone, e-mail, written notice via mail or delivery. After the conference and application of the appropriate discipline under the school discipline plan, the student may return to class.

After the second incident of disruptive behavior as determined by the principal or assistant principal, the student’s parent or guardian and the reporting teacher or teachers may develop a behavior modification plan. The conference to develop the plan may be held in person or via telephone. If the parent/guardian does not respond or refuses to participate, the teacher(s) and the principal or assistant principal shall prepare the plan and mail a copy to the parent/guardian.

Once determination has been made by the principal or assistant principal that the student has not complied with the behavior modification plan, the principal or assistant principal shall follow the procedure for disciplining the student according to the student code of conduct and discipline plan, which may include recommendation to the District Disciplinary Committee for alternative school placement or expulsion for applicable offenses.

**Regulations and Procedures**

The Holmes County Consolidated School District has established a Uniform Discipline Code applicable to all students enrolled in the school district. It is expected that this Code shall be followed and enforced in the same spirit and manner throughout the school district. Principals of the schools and their administrative personnel shall assure that every student’s right to constitutional due process is followed in every instance of the application of the Code. Principals and their assistants may also consider appropriate mitigating circumstances in the administration of disciplinary actions under this Code. "Mitigating circumstances” include,
but are not necessarily limited to, the following factors:

1. Age, health, maturity, and academic placement of the student
2. Prior conduct of the student
3. Attitude of the student
4. Cooperation of parents or guardian
5. Willingness of the student to accept responsibility for his or her acts.
6. The severity of the applicable offense or disciplinary infraction.

**Children with Disabilities**

Children with Disabilities are responsible for adhering to the same rules of conduct as non-disabled students. Serial suspensions are prohibited. In each case, prior to any suspension, the student's IEP shall be reviewed. The Children with Disabilities Director or designee should be contacted immediately when a Child with Disabilities commits a violation of the rules of conduct which may result in the removal from the classroom by suspension or expulsion.

**DISCIPLINE PLAN (JDA)**

The superintendent shall develop a discipline plan which, upon board approval, shall be implemented and distributed to each student enrolled in the district. The parents, legal guardian or custodian of each student shall sign a statement verifying that they have been given notice of the discipline plan.

All discipline plans shall include, but not be limited to, the student code of conduct required by Policy JCA-Student Conduct and the following statements:

- A parent, guardian or custodian of a compulsory-school-age child enrolled in the Holmes County Consolidated School District shall be responsible financially for his or her minor child’s destructive acts against school property or persons,
- A parent, guardian or custodian of a compulsory-school-age child enrolled in the Holmes County Consolidated School District may be requested to appear at school by the school attendance officer or an appropriate school official, for a conference regarding the destructive acts of their child, or for any other discipline conference regarding the acts of the child.
- Any parent, guardian or custodian of a compulsory-school-age child enrolled in the Holmes County Consolidated School District who refuses or willfully fails to attend such discipline conference specified in paragraph (b) of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference; and
- A parent, guardian or custodian of a compulsory-school-age child enrolled in the Holmes County Consolidated School District shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.
- Any parent, guardian, or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or (b) refuses or willfully fails to perform any other duties imposed upon him or her under the law shall be guilty of
a misdemeanor and, upon conviction, shall be fined not to exceed an amount as provided by law.

- The Holmes County Consolidated School District shall be entitled to recover damages in an amount not to exceed an amount provided by law, plus necessary court costs, from the parents of any minor (7-17) who maliciously and willfully damages or destroys property belonging to this school district. However, this section shall not apply to parents whose parental control of such child has been removed by court order or decree.

- Holmes County Consolidated District’s discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student’s teacher or teachers, attend class with the student for a period of time specifically agreed upon on by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class with the student or fails to attend class with the student the student shall be suspended in accordance with the code of student conduct and discipline policy of the school district.

STUDENT CONDUCT AND GRADES (JD)

Criteria used in the evaluation process to determine a student’s grade must be supported by rationale. The criteria must be in writing and must include the following:

1. Course content (goals, objectives, materials, etc.) as outlined in the curriculum guides
2. Methods of evaluation - grades will reflect some combination of the areas listed below:
   a. Class work
   b. Homework
   c. Test scores
   d. Participation
   e. Skill application
   f. Preparation for class
3. The effect of absence on grades
4. Procedures for making up assigned work and tests
5. Other criteria as may be approved by the superintendent and school board

The HCCSD discipline framework is divided into four levels. Each level represents progressively more serious acts of inappropriate behaviors and consequences. The level of discipline imposed shall be based on the severity of the misbehavior (JCB).

Level I Infractions

Discipline incidents that should be managed by the teacher and do not warrant a discipline referral or administrative assistance. Any behavior that is of low-level intensity, passive in nature and/or of a non-threatening manner is a Level 1 behavior. Infractions in this category will be addressed with corrective strategies.

Level II Infractions

Discipline incidents that should be managed by the teacher with the possible assistance from an administrator. These infractions will be addressed with corrective strategies.

Level III Infractions

Discipline incidents that significantly interfere with others’ safety
and learning, are of a threatening or harmful nature, and/or are legal violations and warrant administrative interventions.

**Level IV Infractions**

Discipline incidents that require immediate response from administration, crisis team, entire staff, and/or community support.

Corrective procedures for the infractions are addressed in Policy JCB.

**Weapons**

In accordance with the requirements of the Gun-Free Schools Act of 1994 (Title VII of the Elementary and Secondary Education Act of 1965, as amended) the Board of Trustees of the Holmes County School District requires the immediate expulsion for one entire calendar year from that date of offense of any student who brings a firearm as defined by Section 921 of Title 18, United States Code, onto the property of the Holmes County School District contingent upon said student being provided his or her right to constitutional due process. However, the superintendent shall be authorized to modify the period of time for such expulsion on a case or case basis. Any student expelled for bringing a firearm onto any educational property (school campus, playground, building, bus, athletic field, parking lot, and all other such similar educational property consistent with the intent and purpose of the Gun-Free Schools Act) operated or otherwise maintained by the Holmes County School District may be considered for placement in the Alternative School, if this is the recommendation of the District Review Committee and the superintendent concurs.

**EXPULSION OF STUDENTS FROM THE HOLMES COUNTY CONSOLIDATED SCHOOL DISTRICT; ROLES OF DISTRICT DISCIPLINE COMMITTEE, SUPERINTENDENT AND/OR DESIGNEE, BOARD OF TRUSTEES**

Expulsion of students from the Holmes County School District is affected based on recommendations made to the superintendent or his designee by the district discipline committee based on the student having been provided his or her right to constitutional due process in a hearing conducted by that committee. The School Board of Education makes the final decision regarding expulsion. Parents will be notified of the meeting date, time and place requested to attend.

Notice of suspension shall be made to the parents or guardians of the student by the superintendent or his designee in the manner prescribed by the superintendent. Request for appeal to the Board of Trustees of the Holmes County School District must be made within ten (10) days of the receipt of the letter informing the parent or guardian of the suspension. Appeals heard by the Board of Trustees will be by record only; said record being established at the discipline review hearing. Neither the student nor his or her parents or guardian may present new evidence at the appeal, nor will the student or his or her parents or guardian be allowed to cross-examine witnesses or make statements to the Board of Education during the actual review process. If the parents or guardian of the student desire to make comments to the Board of Education regarding any matter before the Board, a request for time on the Board agenda may be made pursuant
to the rules and regulations governing such matters.

**AUTHORITY OF THE PRINCIPAL AND ASSISTANT PRINCIPAL TO EXERCISE PROPER DISCRETION IN ASSIGNING SUSPENSION**

Principals are encouraged to assess each discipline situation considering prevailing procedures with an eye to his or her responsibility to provide leadership as the administrator of the school. Therefore, a principal may exercise discretion in assigning suspension penalties under the procedures applicable hereto as long as the applications of those penalties are fair and consistent and within the intent of the administrative procedures of the Holmes County Consolidated School District to provide a safe, orderly, and appropriate learning environment; to prevent "swinging door" suspensions; and to consider the merits of each case as may be demanded by considerations of prevailing federal legislation and binding consent degrees (e.g., Section 504, "Mattie T.").

**STUDENT RIGHT TO DUE PROCESS**

Each student enrolled in the Holmes County Consolidated School District shall be afforded his or her right to due process as stated above. This shall include a minimum:

1. Oral or written notice of the charges against the student;

2. The opportunity to give an explanation of the evidence against him or her;

3. The opportunity to present his or her side of the story;

4. The opportunity to call witness(es) on his or her behalf during hearing before the district discipline committee;

5. The opportunity to call witness(es) on his or her behalf during hearing before the district discipline committee;

6. The opportunity to cross-examine witness(es) called before the district discipline committee.

**LOSS OF PRIVILEGE TO PARTICIPATE IN OR TO ATTEND SCHOOL-SPONSORED EXTRA-CURRICULAR EVENTS DURING TERM OF SUSPENSION OR EXPULSION**

When a student has been suspended or expelled from his or her home school, whether or not that student is properly enrolled in the Alternative School, the student shall not be permitted to participate in or to attend extra-curricular activities sponsored by any school within the Holmes County Consolidated School District. Failure on the part of the student to abide by this rule shall result in the student being considered to be trespassing on school property. The school or school district shall take appropriate legal action in accordance with said act of trespassing.

**Gang Activity (JCBB)**

The Holmes County Consolidated School District is committed to maintaining a safe school environment for its students and staffs. Students are expected to adhere to the school’s and district’s standards of conduct that promote well-being and supports the learning process. Gang activity will not be tolerated in any form. Where gang activity is suspected or con-
firmed a complaint will be filed in ac-
cordance with the "Mississippi Street

Furthermore, students have the responsibility to obey all rules of conduct while waiting for, riding, and leaving the bus.

The school bus driver is authorized and responsible to the school district to maintain student order and to ensure safety at all times. Therefore, he/she is authorized to instruct and otherwise control students while they are on the bus.

The principal will be responsible for disciplining students reported to him/her by the driver. Questions and inquiries regarding discipline should be directed to the school principal. Questions and inquiries regarding stops, routes, and student eligibility must be directed to the Transportation Supervisor.

All school rules apply to the school bus. School suspension is a possible sanction. School Administrators will use the code of conduct and the discipline ladder as a guide when disciplining students for misbehavior on the bus.
While riding a school bus, students must conform to all rules of conduct as established by Policies JCA, JCBD, JCBF, and JCDAD and the student code of conduct adopted by their schools. **Bullying (JDDA)**

The Board of Trustees of the Holmes County Consolidated School District prohibits bullying or harassing behavior of students, school employees, or volunteers. The Holmes County Consolidated School District will make every reasonable effort to ensure that no person or school employee is subjected to bullying or harassing behavior by other students or other school employees.

Definitions: Bullying or harassing behavior is any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that:

a. places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or
b. creates or is certain to create a hostile environment by substantially interfering with or impairing a student's education, including but not limited to educational performance, opportunities, or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

The above conduct constitutes bullying if that conduct interferes with a student's education or substantially disrupts the operation of a school.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence a disruption to the operation of the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Holmes County Consolidated School District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official. Retaliation or reprisal against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying or harassing behavior, is prohibited.

The Holmes County Consolidated School District recognizes the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing.

"Reasonable action" includes, but is not limited to, promptly reporting the bullying or harassing behavior to a teacher, principal, counselor, or other school employee.

These procedures shall be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior.
The Holmes County Consolidated School District Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors.

**ALTERNATIVE SCHOOL PROGRAM (JCD)**

The alternative school program shall be operated as part of and in accordance with the regulations applicable to the regular school program and with all requirements of federal and state law (MS Code of 1972 Section 37-13-91, et al) and the guidelines of the State Department of Education

1. The alternative school program shall serve compulsory-school-age children:

e. No school district is required to place a child returning from out-of-home placement in the mental health, juvenile justice, or foster care system in alternative school. Placement of a child in the alternative school shall be done consistently, and for students identified under the Individuals with Disabilities Education Act (IDEA), shall adhere to the requirements of the Individuals with Disabilities Education Improvement Act of 2004. If a school district chooses to place a child in alternative school, the district will make an individual assessment and evaluation of that child in the following time periods:

   i. Five (5) days for a child transitioning from a group home, mental health care system, and/or the custody of the Department of Human Services, Division of Youth and Family Services,

   ii. Ten (10) days for a child transitioning from a dispositional placement order by a youth court pursuant to Section 43-21-605; and

   iii. An individualized assessment for youth transitioning from out-of-home placement to the alternative school shall include:

       a. A strength needs assessment.

       b. A determination of the child’s academic strengths and deficiencies.

       c. A proposed plan for transitioning the child to a regular education placement at the earliest possible date.
2. Before placement in the alternative school program, the principal or program administrator of the alternative school program shall obtain verification of the child’s suitability for the program from the appropriate guidance counselor. Before a student can be removed to an alternative school education program, the superintendent shall determine that the written and distributed disciplinary policy of this district is being followed and that the policy includes standards for:

a. SPECIAL EDUCATION STUDENTS

As provided under 37-23-135, Educational services for children with disabilities who have been suspended or expelled from school shall be provided based on the requirements of IDEA, applicable federal regulations and state regulations.

REPORTS
When a student is expelled, the parent, legal guardians or custodians must be notified immediately on a form provided by the superintendent for such purpose. When a student is expelled for the commission of a crime or other unlawful activity or violent act, the reporting requirements of Policy are applicable.

The superintendent or her/his designee shall report all expulsions to the school attendance officer when they occur.

READMISSION

Any student who has been expelled, for whatever reason, must apply to the board for readmission to the regular school program in accordance with Policy.

Student Records (JR)

It is the policy of the Holmes County Consolidated School District Board of Education that the principal of each school will be the legal custodian of all student records for that school.

Students and parents will have access to their school records.

The district will notify parents annually of the district's policy on the collection or use of personal information collected from students for the purpose of marketing or selling that information or otherwise providing that information to others for that purpose, including arrangements to protect student privacy that are provided by the agency in the event of such collection, disclosure, or use.

The educational records or school records include all materials directly related to a student that a school maintains. Records and notes maintained by a teacher, administrator, school physician, or school psychologist for his or her own use, and which are not available to others are exempted from this definition.

The school will require a prior written consent before information other than directory information may be divulged to third parties. An exception to this rule exists for school district employees who have legitimate interests in viewing the records, as well as officials in other schools in which the student seeks to enroll.

TRANSFER OF ENROLLMENT (JR)

A school district in which a student is enrolled or is in the process of enrolling in may request the student’s education records from any district in which the student was formerly enrolled to ascertain safety issues with incoming students and ensure full disclosure. The records, including the student’s disciplinary records, will be forwarded to the requesting district within three (3) business days. Disciplinary records shall include but not be limited to all information that relates to a student assaulting, carrying weapons, possessing illegal drugs, including alcohol, and any incident that poses a potential dangerous threat to students or school personnel.

When schools transfer records to new educational institutions, the schools must notify parents of the transfer and of their right to review and contest the material. An exemption exists for material under court order. Parents must be notified of such order prior to release.

Compliance with Family Educational Rights and Privacy Act (FERPA) (JRAB)

In accordance with the policy of the Holmes County Consolidated School District Board of Education, the regulations prescribed in policy JRAB shall govern the release of student records to students and members of the student’s family, legal custodian, or legal guardian.

ANNUAL NOTIFICATION

Within the first month of each school year, the school district will publish a notice to parents
and eligible students of their rights under the FERPA and this policy. The district will also send home with each student a bulletin listing these rights and the bulletin will be included with a packet of material provided parents or an eligible student when the student enrolls during the school year.

The notice will include the following:

1. The right of a student’s parent or eligible student to inspect and review the student’s education records,

2. The intent of the school district is to limit the disclosure of information contained in a student’s education records except: (1) by the prior written consent of the student’s parent or the eligible student, (2) as directory information, or (3) under certain limited circumstances, as permitted by the FERPA,

3. The right of a student’s parent or an eligible student to seek to correct parts of the student’s education records which he or she believes to be inaccurate, misleading, or in violation of student rights (this right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent’s or eligible student’s request and the right to insert in the student’s permanent records an explanatory statement giving reasons for disagreeing with the decision),

4. The right of any person to file a complaint with the Department of Education if the school district violates the FERPA; and

5. The procedure that a student’s parent or an eligible student should follow to obtain copies of this policy and the locations where copies may be obtained.

The district will arrange to provide translations of this notice to non-English speaking parents in their native language.

Since a student’s records may be maintained in several locations, the school principals will offer to collect copies of records or the records themselves from locations other than a student’s school, so they may be inspected at one site. However, if a parent or eligible student wishes to inspect records where they are maintained, school principals will make every effort to accommodate the wishes.

When a record contains information about students other than a parent’s child or the eligible student, the parent or eligible student may not inspect and review the records of the other students.

FEES FOR COPIES OF RECORDS

The school district will not deny parents or eligible students any rights to copies of records because of the following published fees. Where the fee represents an unusual hardship, it may be waived in part, or in whole, by the record custodian. However, the district reserves the right to charge for copies, such as transcripts, it forwards to potential employers or to colleges and universities for employment or admission purposes. The school district may deny copies of records (except for those required by the FERPA) in the following situations:

1. The student has an unpaid financial obligation to the school.

2. There is an unresolved disciplinary action against the student that warrants the denial of copies.

The fee for copies provided under the FERPA may not include the costs for search and retrieval. The fee will be from no cost to ten cents per page.
DIRECTORY INFORMATION

The school district proposes to designate the following personally identifiable information contained in a student's education record as "directory information."

1. The student's name, address, and telephone number,
2. The names of the student's parents,
3. The student's date and place of birth,
4. The student's major field of study and class designation (i.e., first grade, tenth grade, etc.),
5. The student's extracurricular participation,
6. The student's achievement awards or honors,
7. The student's weight and height if a member of an athletic team,
8. The student's photograph,
9. The student's electronic mail address,
10. The student's date of attendance; and
11. The most recent educational institution the student attended prior to the student enrolling in this school district.

Within the first month of each school year, the school district will publish the above list, or a revised list, of items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.

After the parent or eligible student has been notified, he or she will have two weeks to advise the school district in writing (a letter to the school superintendent's office) of any or all the items they refuse to permit the district to designate as directory information about the student.

The school district will only release information from, or permit access to, a student's education record with a parent's or eligible student's prior written consent except that the school superintendent, or a person designated in writing by the superintendent, may permit disclosure:

1. When a student seeks or intends to enroll in another school district or a post-secondary school (the district will not further notify the parent or eligible student prior to such a transfer of records; the parent or eligible student has a right to obtain copies of records transferred under this provision);
2. When certain federal and state officials need information in order to audit or enforce legal conditions related to federally supported education programs in the district,
3. The parties who provide or may provide financial aid to a student to,

At the end of the two-week period, each student's record will be appropriately marked by the record custodian to indicate the items the district will designate as directory information about the student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

A. Establish the student's eligibility for the aid,
B. Determine the amount of financial aid,
C. Establish the conditions for the receipt of the financial aid, or
D. Enforce the agreement between the provider and the receiver of financial aid,
4. When the school district has entered into a written agreement or contract for an organization to conduct studies on the school district’s behalf to develop tests, administer student aid, or improve instruction,

5. To accrediting organizations to carry out their accrediting functions,

6. To comply with a judicial order or lawfully issued subpoena (the district will make a reasonable effort to notify the student’s parent or the eligible student before making a disclosure under this provision); or

7. If the disclosure is an item of directory information, and the student’s parent or eligible student has not refused to allow the district to designate that item as directory information for the student; or

8. In response to an ex parte order of the Attorney General of the United States or his/her designee in connection with the investigation or prosecution of terrorism crimes.

The school district will not release information contained in a student’s education records, except directory information, to any third parties except its own officials, unless those parties agree that the information will not be re-disclosed without the parent’s or eligible student’s prior written consent.

**Attorney General of the United States**

The district may disclose, without the consent or knowledge of the eligible student or parent, personally identifiable information in the educational records of a student to the Attorney General of the United States or his or her designee in response to an ex parte order in connection with the investigation or prosecution of terrorism crimes. The district is not required to record such disclosure of information and is protected from liability for disclosing such information in good faith.

The superintendent is directed to establish procedures to ensure compliance with the Family Educational and Privacy Act (FERPA) and other applicable acts and regulations.

**Internet Use by Student (I-J-R)**

Use of the Internet for instructional programs is an educational tool which facilitates communication, innovation, resource sharing and access to information. The complex nature of accessible networks and the potential information available to students utilizing the Internet require comprehensive administrative procedures in order to best serve the educational needs of students. The Holmes County Consolidated School District Board endorses student use of the Internet and other District technology for learning and educational research. Use of Holmes County Consolidated School District technology includes participation in distance learning activities, asking questions of and consulting with teachers, communicating with other students and individuals, and locating material to meet the educational needs of the student.

Students will be educated about appropriate and safe online behavior. All reasonable efforts will be made to ensure that students are not accessing inappropriate or unrelated material. Students are to utilize the Holmes County Consolidated School District’s computers, networks, and Internet services and other District technology for school-related purposes only. Any student who uses District technology for personal or non-academic purposes will be subject to disciplinary action in accordance with this policy, the student code of conduct, and state law.

Students using the Internet shall comply with all applicable board policies and administrative procedures. The Holmes County Consolidated School District Board, through its administrative
staff, reserves the right to monitor, without prior notice, all computer and Internet activity by students. This includes filtering software along with other electronic monitoring systems. While teachers and other staff will make reasonable efforts to supervise and monitor student use of District technology, they must have student and parent cooperation in exercising and promoting responsible use. Staff and students should have no expectation of privacy in their use of District computers or other technology.

Additionally, use of the Internet is a privilege, not a right. Students are expected to follow Holmes County Consolidated School District Board policies and procedures at all times when using District computers, networks, the Internet, or other District technology. Students found to be in violation of board policy and/or administrative procedures shall be subject to revocation of privileges and potential disciplinary and/or legal action. The Superintendent or his/her designee reserves the right to eliminate use of the district’s computer systems or other District technology by any student at any time.

Inappropriate communications or other unacceptable uses or abuses of all District technology, including all hardware/software, all electronic files/communications stored on or transmitted on District computers are prohibited. Specifically prohibited is any illegal use, or use that is a violation of Board policies, procedures, or school rules including, but not limited to, those prohibiting harassment, discrimination, bullying, defamation, violence, threatening, infringement of copyright or trademark laws, use involving obscene or pornographic materials, or use that harms the reputation of the Holmes County Consolidated School District or its employees or disrupts the educational environment. Prohibited also is student use of District technology for Internet social networking if such use is not directed by a teacher or school administrator in support of planned and approved learning activities.

The Holmes County Consolidated School District Board makes no assurances of any kind, whether expressed or implied, regarding any Internet services provided. Neither the individual school nor school district is responsible for any damages the student/user suffers. Use of any information obtained via the Internet is at the student's own risk. The Holmes County Consolidated School District Board and the Holmes County Consolidated School District specifically denies any responsibility for the accuracy or quality of information or software obtained through its services.

**INTERNET ACCESS AGREEMENT (IJA-R)**

In order for a student to gain access to the Internet, the student and student’s parent(s) / guardian(s) must sign an Internet Access Agreement.

The superintendent is authorized to amend or revise the following board-approved initial administrative procedure as she/he deems necessary and appropriate consistent with this policy. The superintendent is further authorized to amend or revise the Internet Network Access Agreement with the advice of board counsel.

It must be understood by all concerned that the global and fluid nature of the Internet network’s contents make it extremely difficult for the board to completely regulate and monitor the information received or sent by students. As such, the Holmes County Consolidated School District Board cannot assure parents that students will be prevented from accessing undesirable materials or sending or receiving objectionable communications.

**Internet Administrative Procedures (IJA-P)**

Access to the school_district’s Internet is provided for educational purposes and research
consistent with the school/district’s educational mission and goals.

Parents shall be required to read and sign the Internet Network Access Agreement allowing their students to access the Internet. All students shall also be required to sign said form affirming that they have read and understand the administrative procedures for Internet Use by Students and understand the consequences for violating said administrative procedures.

**Privileges**

Use of the school/district’s Internet is a privilege, not a right. Inappropriate use may result in cancellation of that privilege. The superintendent, or designee(s) shall make all decisions regarding whether a student has violated these procedures, and may deny, revoke, or suspend access at any time.

**Unacceptable Use**

The student is responsible for all his/her actions and activities involving the Internet. Refer to Policy IJA-R for examples of unacceptable uses.

**Staff Supervision**

Staff members should become familiar with these procedures and should enforce the rules concerning appropriate use when their duties include supervision of students using the Internet. When in the course of their duties staff members become aware of student violation of the board policy on Internet Use by Students and/or these procedures, they should correct the student and address the matter in accordance with these procedures and general disciplinary policies and procedures.

**Compensation**

The student and/or the student’s parent(s) / legal guardian(s) shall be responsible for compensating the school/district for any losses, cost, or damages incurred by the school/district relating to or arising out of any student violation of these procedures.

**Security**

Network security is high priority. If the student identifies or perceives a security problem or a breach of these responsibilities on the Internet, the student must immediately notify the principal or designee or other identified staff. The student must not demonstrate the problem to other students.

User accounts and passwords are to be kept confidential. Any student identified as a security risk may be denied access to the network.

**Vandalism**

Vandalism will result in cancellation of privileges and other disciplinary action. For the purpose of these procedures, vandalism is defined as any malicious attempt to harm or destroy school/district equipment or materials, data or another student, the Internet network, or agency. This includes but is not limited to the uploading or creation of computer viruses.

**Telephone Charges**

The school, district nor the school board assumes any responsibility for any unauthorized charges or fees including but not limited to long distance charges, per minute surcharges, and/or equipment or line costs.
