

ONLINE VIRTUAL LEARNING

Progress Report – Month 1

What have we done and how are we doing?

1494 Chromebooks/Laptops distributed to district households

Survey posted for students to indicate preference for device

68 Hotspots distributed to district households
40 devices in distribution process

8 mobile stations

Professional Development for instructional staff to facilitate online learning

65% of students logging into accounts to complete work in:

- Edgenuity
- Freckle
- Study Island

REMINDERS

1. Teachers know who is not able to connect and will adjust assignments.
2. Teachers are taking grades, so all students with access need to complete their assignments.
3. We are here to help. Go to <https://www.holmesccsd.org/> and click Online Virtual Learning. Click Parent/Student Form to tell us what you need. Or, call (662) 739-5551.

Completed work will help:

- Raise students' grades
- Keep students from being too far behind when regular school resumes
- Provide information to teachers about students' academic needs

Facing the Future

Short-term Opportunities

Provide devices for all

Secure internet access for all students and staff

Paper Assignments for students without internet (**last resort**)

Update parent contact information

Graduation 2020

Long-term Opportunities

Use of Google Classroom

Recognize students for attendance and achievement

Targeted support for students, small-group tutoring

More frequent communication with parents via multiple means: email, School Status, Robocalls, hccsd.org, social media platforms

On-going Virtual Town Hall Meetings

Live tech support and training for parents

Summer Flight program
