Miss Mississippi visits Goodman-Pickens Elementary

Miss Mississippi, Emmie Perkins, visited with the 1st graders at GPE on Thursday, March 9th. She began the day by introducing herself and giving a little about her background. The students were very inquisitive and seemed excited through the whole process. Ms. Perkins played songs in which students had to tell their emotions. She brought instruments for students to make music with each other. She then read a popular book that each student enjoyed. Ms. Perkins had an opportunity to meet some of the other staff, take pictures and sign autographs throughout the building. She concluded the day in the classroom reading some of the letters the 1st graders had written for her.
